DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 23 May 2005 has been entered.

2. In response to the previous office action, Applicant has amended claims 1, 4, 6-8, and 11. Claims 1-12 have been examined.

Information Disclosure Statement

3. The IDS received 21 June 2005 has been considered. The item on Sheet 1 has been fully considered. Item AE in Attachment 1(g) is not in English and has not been considered.

Drawings

Art Unit: 2134

4. The drawings are objected to because in figure 5, item S16, the word "IMAGE" is misspelled.

5. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

6. Claims 1-12 are allowed.

Art Unit: 2134

7. The following is an examiner's statement of reasons for allowance:

Though art was found that suggested the use of a mark, logo, or seal with a digital signature (see U.S. Patent No. 6,401,206 to Khan et al., for example), all the art found that suggested the superimposing of a watermark on such a mark used either the same color, a change to the color code that was not visibly discernible, a variation of the first color (such as a half-tone), no color at all (as in Schipper), or, alternatively, suggested that the watermark be displayed separately from the mark.

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

Applicant's arguments, see Remarks, filed 24 August 2004, with respect to the rejection(s) of claim(s) 1-12 under 35 U.S.C. 102 and 103 have been fully considered and are persuasive in view of Applicant's amendment. Therefore, the rejection has been withdrawn.
